RECEIVED

Legal # 38920 8 2006

Washington State
Department of Ecology

Affidavit of Publication

STATE OF WASHINGTON
County of Thurston County

SS.

Legal #3392
STATE OF WASHINGTON
DEPARTMENT OF ECOLOGY
**NOTICE OF APPLICATION
TO APPROPRIATE PUBLIC
WATERS TAKE NOTICE:**

That David and Cynthia Kettel, of Olympia, Washington on June 28, 2006, under Application No's. S2-30339, S2-30340 & S2-30341 filed for permits to appropriate public waters, subject to existing rights, from Summit Lake tributary to Kennedy Creek in the amount of 0.02 cubic feet per second as needed year round each year for single domestic supply for each permit. The source of the proposed appropriations are located within Govt Lot 6, NW 1/4 SE 1/4 Section 7, T. 18 N., R. 3 W.W.M., of Thurston County, Washington.

Protests or objections to approval of this application must include a detailed statement of the basis for objections and are subject to public disclosure. Indicate in your letter if you prefer to remain anonymous. Protests must be accompanied by a fifty dollar (\$50.00) recording fee and filed with the Department of Ecology, at the address shown below, within thirty (30) days from: August 23, 2006.

Department of Ecology, SWRO
PO Box 47775

Dear Mr. Davis:

Re: Water Right Application No. **S2-30339, S2-30340 & S2-30341**

We are pleased to let you know that we are now reviewing water right applications in your area, and are able to begin processing your application for appropriation of water. Thank you for your patience; budget and staffing limitations have caused the processing delay. The next step in the application process is to have a legal notice of application published.

Legal Notice

A legal notice of application announces your proposed water use to the public and allows interested persons to comment. We have prepared and enclosed this notice for you. You need to arrange (including covering the costs) for it to be published in the legal section of a newspaper published in **Thurston** County. It must appear once a week for two consecutive weeks. The selected newspaper must:

- have general circulation in the area where the water is to be diverted and used, and
- be qualified as a legal newspaper.

The enclosed newspaper list may help you select an appropriate newspaper for the area. It is important to select a suitable newspaper: if the notice is published in a newspaper that does not meet the above criteria, you will be required to have the notice re-published, at your expense.

Publication should start within 60 days of the date of this letter. Please contact us if you have concerns about meeting this deadline.

Review Legal Notice carefully

It is your responsibility to check the notice carefully before having it published. If you find an error, please contact this office for correction and/or resolution. If we later find an error in your public notice, you will be required to re-publish an amended notice at your expense.

Next step

After publication, you must request an Affidavit of Publication from the newspaper(s) in which your notice was published. The Affidavit must be an **original, notarized** copy of your notice. Please forward it to our office as soon as possible. We cannot accept a photocopy of the affidavit.

S

If I can provide any further assistance, please contact me at (360) 407-0240 or sfox461@ecy.wa.gov. Please reference your application number in any future contact with us; it will help us serve you more quickly.

Sincerely,

Sheri Carroll

Olympia WA 98502-9489

Dear Mr. Davis:

Re: Water Right Application No's. **S2-30339, S2-30340 & S2-30341 for David & Cynthia Kettel**

This letter is to acknowledge that the Department of Ecology received your water right application. We have assigned your application the number indicated above. Please include this number in future correspondence regarding your application.

When we begin actively evaluating applications in your area, we will prepare a public notice and send it to you with publication instructions. It will be sometime before we are able to begin working in your area.

The availability of water in Washington State is a serious problem. Much of the water in our state has already been appropriated. The competition for water has escalated with our state's increasing population, conflicting water policy issues, and grave declines in salmon and other fish populations. With the many demands on the state's water resources, a favorable permit decision is not always possible. You may want to consider purchasing all or part of an existing water right.

Please be sure to notify Ecology of changes such as address, property ownership, or variations in your proposed water use plans. If you would like further information on your application, please contact our office at (360) 407-6300.

Sincerely,

Teresa Hanson
